Supervision on the playground—again

There was another issue this week, when Reception resources were thrown around on their patio and lost, which impacted on the children's learning.

This is the second incident that we have had in a few weeks where older children from St Augustine's are not supervised after school and are not showing respect for our children's resources.

PLEASE SUPERVISE YOUR CHILDREN!

The alternative is that we do not unlock our gates until 3.15pm, which would be inconvenient for everyone.

Activities and Clubs this term

In the Parent Questionnaire that you completed on parents evening in November, some of you weren't sure or didn't feel that we offered many activities and clubs to your children. Here is a summary of some of the 'extras' we are offering this term:

- Weekly Woodland learning for all children (Nursery will start when the new children are settled)
- Two family cafes for every class
- Hot Chocolate and Bedtime stories family event
- Special activities for Safer Internet Day and World Book Day
- A special visitor and other events for British Science Week
- Weekly Ukelele lessons for Year 2 children
- Swimming lessons at the Regional Pool for Year 1 children
- Bike It 'Learn to Ride' sessions delivered by Sustrans
- Family Cookery for reception families run by City College
- Art & Craft, Street Dance, Lego & Eco after school clubs for Year 2 children
- Vivicity Book Bus visiting for Nursery children
