Spending	Item/project	Objectives	Impact
£3000	NPA SLA - 1 hour weekly coach to come into school to support the teaching and learning of PE across school	<p>To develop teacher's knowledge, understanding and skills in the teaching and learning of PE</p> <p>To provide good quality PE provision from a highly trained teacher for all the children to access</p>	<p>Teacher feedback has indicated that that they are more confident teaching specific skills to children and ensuring progression in PE.</p> <p>Attainment data shows that: Reception: 83% achieved the ELG in moving and handling Key Stage 1: 94% achieved the expected standard in PE</p>
	NPA SLA – 1 inter schools sports tournament / celebration sports event for each year group	To extend the opportunities the children have to enter into sporting competitions and events with other schools	<p>The budget has provided a greater range of sports available for children to participate in. All Year 1 children attended the multi-skills tournament. Feedback from children suggested that they thoroughly enjoyed the variety of activities provided by the pupils at Nene Park and that they have been inspired to develop these activities both at school and at home.</p> <p>A group of children from Reception attended the dance festival. They enjoyed learning a dance routine and being able to show their routine to other schools and be able to show children the skills that they have learnt.</p>
	NPA SLA – 2 enrichment sessions	<p>To extend opportunities for children to participate in competitive sport</p> <p>To broaden the range of sports and activities offered to children</p>	<p>Sports Day 2019 delivered by Nene Park Academy. A selection of pupils from NPA were brought over to help with the set up and delivery of sports day. The NPA pupils demonstrated their ability to help motivate and inspire children with each classes sports day races and they were excellent at encouraging and inspiring children to perform their races with their parents watching.</p> <p>A selection of 30 children from year one took part in an after school club. This allowed a greater range of activities provided for children. Children have had the opportunity to improve their gross and fine motor skill. Feedback from children show that they enjoyed learning new skills and being able to apply these skills within and outside of school.</p>
£2187	Updating and buying new PE resources for PE teaching and learning	To provide good quality PE resources to ensure quality teaching and learning in PE, during taught and zone learning	<p>The repairs and maintenance of the current equipment used in school has meant that children have ongoing access to good quality resources whilst maintaining the safety of children using them.</p> <p>The new PE equipment has meant that children have a continued range of equipment to access during PE lessons and lunchtimes.</p>

<p>£2571</p>	<p>Updating and buying new lunchtime and outdoor equipment</p>	<p>To engage children in at least 30 minutes' physical activity per day</p> <p>To broaden the range of sports and activities offered to children</p>	<p>Observations of the learning environment in Reception has demonstrated that children are inspired and love to learn in the new mud kitchen and this has broadened the range of activities on offer to children.</p>  <p>Reception have also improved their learning environment with other new resources and feedback from the teaching staff indicate that these resources are being used on a daily basis, the children enjoy using them and it is supporting children in engaging in at least 30 minutes physical activity a day.</p> <p>New resources in year two have allowed children to improve their learning. The large crates have lent themselves to being great way to inspire children to create their own 'obstacle' courses and these are being used often, supporting children in engaging in at least 30 minutes physical activity a day.</p> <p>Children have developed their learning through the use of the new woodlands resources and have been motivated to learn about nature. The resources have allowed children to explore the woodlands in a more detailed manner and can now use various equipment and resources to explore the woodlands in a more in depth way. These resources have broadened the activities on offer to children.</p> <p>The pond area is now a popular area for learning and having new equipment and storage has meant that children can access the pond area and develop their learning. The pond area is now regularly used by all classes.</p> <p>Children have been inspired to attend gardening club at lunchtimes and having new equipment to use has led to the increased maintenance of the gardening area and children are able to learn new skills in regards to growing and maintaining plants.</p> <p>New playground markings have meant children have a wider opportunity to take part in lunchtime games and activities, ensuring that they engage in at least 30 minutes physical activity a day.</p>
--------------	--	--	---

£125	Transport to enable pupils to take part in competitive sports events	To extend the opportunities the children have to enter into sporting competitions and events with other schools	Transport has been provided for all of the competitive sport events at Nene Park Academy. This has enabled children to take part in competitive sporting events outside of school.
£640	After school football club	To engage children in at least 30 minutes' physical activity per day To broaden the range of sports and activities offered to children	Football club was delivered by coaches from Norwich City during the spring terms 2019. Parent and child questionnaires show that the club had a positive impact upon activity outside of school times and that some children have been inspired to carry this on by joining local football clubs.
£515	Balance bikes x 6 Helmets	To engage children in at least 30 minutes physical activity per day	The purchase of the balance bikes and helmets has allowed children in reception to develop their bike riding skills. The children complete a weekly bike it session on the playground. Feedback from the teaching staff and children suggest that the children have made great progress developing their bike riding skills. The children thoroughly enjoy the opportunity to access the bikes.
£3330	Large outdoor moveable activity and problem solving equipment	To broaden the range of sports and activities offered to children	The children in year one will have a greater range of good quality resources to enhance the outdoor provision, broadening the range of activities on offer to children and encouraging them to engage in at least 30 minutes physical activity a day.
£3445	Additional bike and scooter storage	To engage children in at least 30 minutes physical activity per day	The progress we have made as a school from the bike it programme has seen an increased number of bikes and scooters being brought into school. Having new storage has meant children are able to safely store their bikes and scooters and will inspire other children to bring their bikes and scooters in to school to continue the upward trend.
£99	Subject Leader CPD	To ensure that the PE lead develops key skills to promote PE and sports and raise the profile and quality of teaching and	The CPD session attended in March 2019 has allowed the PE lead to gain further knowledge teaching PE and being able to look at and observe different teaching techniques for planning and implementation for greater depth teaching in PE.
